

TO FIND A SOFTWARE  
**IT** CONSULTANT THAT'S  
A PERFECT FIT...

**H|P Technologies**

Payers. Providers. We click.™

# YOU NEED THE STAFFING COMPANY THAT SPECIALIZES IN PAYERS AND PROVIDERS.

We've kept our finger on the pulse of these  
two healthcare sectors for years.

It's all we do. And our relationships with the  
nation's best consultants are stronger than ever.

## WE CLICK.

# WHY HPT TECHNOLOGIES?

**Because we specialize in staffing for payer and provider software solutions. That's it.**

When you partner with us, you're benefitting from more than three decades of resourcing excellence.

Our founders have years of experience working with big-eight consulting companies, providing recruitment, strategic guidance and operational infrastructure to top healthcare clients.

We focus on improving performance management systems in healthcare by providing IT staffing and consulting solutions to hospitals and health insurers nationwide.

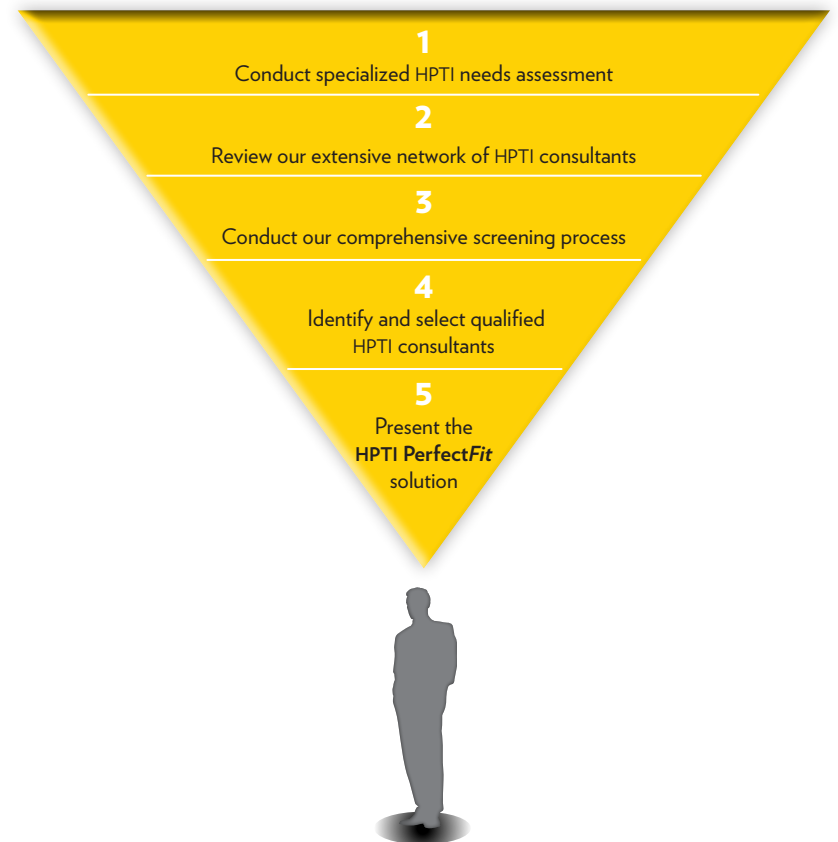

Our standard is to respond within 48 hours to any request you have.

And finding the best consultants is only the beginning of what we can do.

**Why our unique PerfectFit™ process fits your needs.**

Only HPTI uses the PerfectFit Placement Process to ensure we present you with only the best consultants that meet our rigorous standards.

## THE HPTI PerfectFit PROCESS

**OUR VISION** To be the best payer and provider IT staffing company in North America.

**OUR MISSION** To improve North America's healthcare system by strengthening the IT systems of its payers and providers and to enhance the lives of our clients, consultants and employees.
